International Workshop, Cluj-Napoca, Romania

Research in Architectural and Urban Planning Education
Between Fundamental Approach and Research by Design

The aim of the workshop is to inform and provoke debate over various research experiences in architectural and urban planning education including research by design topics.

date

JULY 4-7, 2012

International Workshop, Cluj-Napoca, Romania

Trends in Architectural and Urban Planning Education Between Fundamental Approach and Research by Design

On the occasion of the final diploma project sessions of the Faculty of Architecture and Urban Planning of the Technical University of Cluj-Napoca students, we propose a meeting of representatives (teachers and fellow researchers) of architecture and urban planning education from Europe. We believe that this meeting would be a place for sharing and discussing a wide range of experiences related to research within architecture and urban planning education, a good opportunity for disseminating these new attitudes.

We wish to investigate the field, its limits, the differences and the specificities of actual trends in architecture and urban planning education. Which are the challenges that research in architecture and urban planning can solve in the near future? How is research evolving in its relation with the practice of architecture and urban planning and which are the most recent Romanian contributions to these approaches? We want to focus on the subject by investigating the trends in architecture and urban planning thus channeling the efforts of academics and professionals for finding answers to future challenges.

Proposed topics:

- research contributions in architecture and urban planning education;
- foreseeing the future through new challenges addressed to the research;
- architecture and urban planning, limits, overlap and determinations;
- research by design, recognition, relativity, dissemination;
- towards a flexible teaching process of architecture and urban planning.

The proceedings will be published in a special issue of the Technical University journal *Acta Technica Napocensis*.

Preliminary program

4th of July	19h00: Registration 20h00: Dinner	6th of July	08h30: Diploma session 11h00: Coffee break
5th of July	09h30: Opening session 10h30: Coffee break 10h45: Session 1 13h00: Lunch break 14h00: Session 2 16h00: Coffee break 16h20: Closing session 18h00: Conclusions 19h00: Dinner		11h15: Diploma session 13h30: Lunch break 14h30: Diploma session 17h45: Conclusions
		7th of July	08h30: Diploma session 11h00: Coffee break 11h15: Diploma session 13h30: Lunch break 14h30: Diploma session 17h45: Conclusions
