

Do you know what a high potential employee is?

Someone with the ability, engagement and aspiration to rise to and succeed in a more senior, more critical role.

Could you be one?

Join us for our **Java Training** and find out.

We can accommodate **10 trainees for one month**
(March 5th – April 5th).

Requirements:

- Leave home everything you know or learnt on the matter.
- Bring only your enthusiasm, ability to process new and complex ideas and your logic.

What's in it for you?

- Application Servers: **Tomcat** Application Server
- Build Tools: Apache Ant, **Maven**
- **Java**, JDBC, JNDI, Java Mail
- Application Architecture: N-Tier, **SOA**
- DBMS: SQL Server, **MySQL**, Oracle
- SQL development
- Persistence & interrogation services: **Hibernate**, JPA, Spring
- WEB programming and technologies: HTML, CSS, Java Script, **ExtJS**, Servlets, JSP, **JSF**, XML, XSL
- Web Services: Axis
- **Coffee**
- **"Food for the brain" (aka sugar!)**

To apply, please send an email to training@arobs.com with the subject "Java training application". Your email should include an updated CV and a Cover Letter. **The deadline is February 24th.** Following the CV screening only the selected candidates will be contacted by us.
