

Scholarships offered by Hungarian-Missouri Educational Partnership (HMEP)

As you are aware, each year I visit Hungary and Romania on behalf of the Hungarian-Missouri Educational Partnership (HMEP) to recruit applicants for our scholarship program.

We currently have four students enrolled at Missouri universities; and since we formed the HMEP six years ago, we have enrolled and/or graduated fifteen wonderful scholarship winners. The experience of our students, our participating universities and our supporters has been great.

Next May, 2013, we will graduate two more scholarship recipients creating two openings for new applicants...one at Saint Louis University and the other at University of Missouri – St. Louis. Once again, I ask for your support to promote and communicate our program to interested graduates and alumni. Outlined below is our process to screen and select our next two scholarship candidates. **Detailed information regarding applications and related material is on our website www.hungary-mo.org.**

GENERAL SCHEDULE AND SELECTION PROCESS

August-December 2012:	Participating universities promote and communicate the HMEP program and scholarship
August-October 2012	Interested candidates submit C.V. and application to HMEP via website www.hungary-mo.org .
October-December 2012	Preliminary in-person interviews will be conducted with interested applicants.
January 2013	All completed applications and related information must be received by HMEP
February 2013	GMAT/TOEFL Exams
February-March 2013	Second interviews and screening of applicants
March 2013	Final selection and notification of scholarship winners
March-May 2013	Visa, university applications and logistical arrangements
May 2013	Enrollment

In addition, I thought it might be useful to cover a couple of additional topics regarding possible applicants.

- Each of our participating U.S. universities prefers that the MBA candidates have some working experience preferably 1-2 years. This is not an absolute requirement but will make a difference in the selection process. We will also consider less work experience when combined with good internship experience.
- Applicants should be encouraged to have all materials as complete as possible in the initial screening. The more information we have early in the process facilitates selection.
- We will conduct interviews in-person and via Skype. We want to meet the applicants in person for the first interview.

Finally, I want to thank you for your continued support of the HMEP and supporting this life changing opportunity for young people.

I look forward to hearing from you and answering any questions you may have.

My very best regards,

Joe Adorjan

Honorary Consul of the Republic of Hungary

Chairman, Hungarian-Missouri Educational Partnership

Gross Income All Sources (euros/\$) for the past three years:

PERSONAL ESSAY

Please write an essay (250 words minimum) on a topic of your choice on one of the options listed below, and attach it to your application before submission. Please indicate your topic by checking the appropriate box. This personal essay helps us become acquainted with you as a person and student, apart from courses, grades, test scores, and other objective data. It will also demonstrate your ability to organize your thoughts and express yourself.

- Evaluate a significant experience, achievement, risk you have taken, or ethical dilemma you have faced and its impact on you.
- Discuss some issue of personal, local, national, or international concern and its importance to you.
- Why you are seeking an HMEP scholarship and how would the scholarship affect your life and future plans.

ADDITIONAL INFORMATION

Please provide letters of reference from your most recent educational institution and at least one personal reference letter.

SIGNATURE

I certify that all information submitted in the admission process including the application, the personal essay, any supplements, and any other supporting materials are my own work, factually true, and honestly presented, and that these documents will become the property of the HMEP.
