

Training Programs for Students at AROBS

AROBS wants you in class: Mobile, C/C++ class or .NET. If you are a talented student with basic knowledge of programming standards and techniques, apply now and claim your place!

Mobile (Windows Phone, Android, iOS):

- Training period: April 18 – May 18
- Number of available places: 9
- Deadline for applying: March 31

C/C++:

- Training period: April 22 – May 22
- Number of available places: 15
- Deadline for applying: April 8
- Objectives: Provide basic knowledge of C/C++ programming languages.

.NET:

- Training period: April 22 – May 22
- Number of available places: 15
- Deadline for applying: April 8
- Objectives: Improve your C# programming techniques using basic and advanced features of .NET framework.

Besides better technical knowledge, these trainings offer you the opportunity to work alongside great IT professionals and learn from the “masters” in a “real life” work environment.

Apply by sending a CV to training@arobs.com specifying in the subject of the email “Mobile training application”, “C/C++ training application” or “.NET training application”. Only the selected candidates will be contacted by phone or email.
